CITY OF JERSEY CITY WATER GOLD BOND SIGNED BY FAMOUS NEW JERSEY MAYOR FRANK HAGUE

He served an incomparable eight consecutive terms as the mayor of Jersey City from 1917 to 1947, including the critical years of the Depression and World War II. The mayor's tenure is known as the "Hague era" in Jersey City history and is identified with "bossism" in American politics. Hague's stranglehold on politics transcended beyond Jersey City to the county, the state and the nation bringing him both significance and notoriety. Hague's wealth did not come from deals with major corporations of the times. The revenue for his

extravagances, it is claimed, came from paybacks from real estate deals in the city, a percentage of the city's gaming operations (numbers' racket, card games and off-track betting, frequently referred to as "Horse Bourse"), and local patronage. The latter came from the three-percent salary kickback, known as "rice pudding," charged to the annual salaries of municipal employees and the mandatory thirty-percent return on salary raises brought Hague between \$500,000 to \$1,000,000 a year. Hague ingratiated himself from a bloated payroll of employees in city departments with questionable job descriptions and one of the best-paid police and fire departments. Hague died in his Park Avenue apartment New York City on January 1, 1956, at age 79, and is buried in an impressive mausoleum at the north-central part of Holy Name Cemetery in Jersey City. *** 334**
1886, Massachusetts. Stock for 75 shares. Black. Signed by Henry Cabot Lodge as president. **HENRY CABOT LODGE**, (1850-1924). Statesman. Lodge began his career in Congress in 1887, armed with all the confidence that his distinguished New England ancestry, Harvard education, and wide circle of influential friends could bestow. A power in the Senate and in the Republican Party, he was noted for his scorn of the alliance between big business and corrupt politicians. Close friends with Theodore Roosevelt, he shared the President's desire to see the United States play a larger role in world affairs.
